

DANISH LESSONS FOR ADULTS

Learning Danish in Sydney

Danish lessons for adults is a language program developed over a number of years specially to teach Danish to English speaking adults.

In addition to language skills, the course aims to give a taste of Danish culture, including manners, life style, traditions, history and the arts. The course therefore relies on authentic Danish texts rather than Danish language text books. This also enables a fair degree of personalization of the course content in relation to individual needs or areas of special interest for the students in a class.

Initial emphasis is on developing correct pronunciation and learning to recognise the Danish sounds in their various forms as well as learning basic vocabulary relating to numbers, colours, shapes, time (clock and dates), and geographical locations in Europe.

The structure of everyday language is initially learnt through reading/translating and making simple conversations. Children's stories, rhymes and jokes are used at this early stage leading onto texts containing simple information from current Danish television, Danish websites and Danish literature and film

Most lessons will include a session on formal grammar as well as practising oral/aural skills and vocabulary building. The emphasis in set homework is to build vocabulary and learn language structure as well as developing skills in reading and writing Danish.

Danish class levels in 2019

Ideally we hope enough students will enrol to make it possible to run three classes in each term: One new beginner class, one intermediate class and one advanced class.

If enrolments numbers are sufficient, we plan to have the beginners class on Mondays from 7.30 to 8.45 pm. The advanced class on Tuesdays from 7.30 to 8.45pm. And the intermediate class on Wednesdays from 7.30 to 8.45 pm.

Classes can be rescheduled if students can agree on an alternative time to meet.

Naturally, time tabling depends on enrolments and, regrettably, it is not possible to guarantee that classes will go ahead nor is the time or evening certain until all enrolments are in.

On the enrolment form you will be able to express your preferred time for classes and if there is any time of the week that you will not be able to attend at all.

New beginners will be in a class of their own. Distribution into other classes will be determined via dialogue between student and teacher.

When allocating students to classes the students own preferences will of course be a major consideration but to insure the quality of teaching in the different classes student's ability in Danish (listening and speaking) will have to be considered.

Students will be advised of their class details (which evening of the week and what time) as soon as it is possible with regard to the number of enrolments. So please enrol as soon as possible. Students will receive an email advising them of the day and time of their class. So please make sure your contact details are correct.
